Insurance that helps before the claim.

A life-situation companion for small actions, clearer choices and timely help.

One small step today.
A more carefree tomorrow.

The customer’s question

“What should I do now?”

Life context
↓
A useful next step

4 life situations · 3 tailored views · English / Finnish

One next step, shaped by your life.

01

New home

Find water valves. Explore a deduction example.

02

Away from home

Prepare the home. Agree practical help before leaving.

03

First baby

Check equipment. Review history, fit and instructions.

04

Pet wellbeing

Gather known facts. Find the relevant contact route.

New customer

Explore cover & prepare questions

Existing customer

Review selected policies & services

If staff

Analyse filtered demo customers

Make prevention feel worthwhile.

A visible incentive, alongside a relevant route to help.

Pricing concept · fictional annual premium

€600 → €540 → €513

Fictional base

Assumed bundle benefit: 10%

With the capped prevention benefit

Preventive actions → up to 5% extra

Service discovery

1 complimentary contact

A trial idea for customers without pet insurance.

With pet cover: show the existing 24/7 help instructions.

Pricing and trial are concepts, not current If offers. Service eligibility is checked separately.

Service reference: If Eläinapu

Three moments to show live.

Switch to the prototype. Let the changes tell the story.

01

Complete two preventive tasks

Existing customer
→ New home

€529.20 → €513

02

Switch the insurance setup

Pet wellbeing
→ Home insurance only

Service → trial idea

03

Filter the staff dashboard

If staff
→ Dog insurance

3 customers → 1

Emergency guidance takes priority. Service actions and customer records are simulated.

Test the value.
Then scale what works.

Prevention

Verified actions and avoidable claims costs

Understanding

Can customers explain the advice and cover limits?

Service value

Awareness, satisfaction and total cost

Next step

A focused pilot

With a control group

Hypotheses, not measured outcomes. No promised claims savings or acceptance uplift.
